HOPKINSVILLE, JUNE 17, 1879.
DEMOCRATIC TICKET.

FOR GOVERNOR,
LUKE P. BLACKBURN,
Of Jefferson County.

FOR LIEUTENANT GOVERNOR,
JAMES E. CANTRELL,
Of Scott County.

FOR ATTORNEY GENERAL,
P. W. HARDIN,
Of Mercer County.

FOR AUDITOR,
FAYETTE HEWITT,
Of Hardin County.

FOR TREASURER,
JAMES W. TATE,
Of Franklin County.

SUPERINTENDENT PUBLIC INSTRUCTION,
JOSEPH DESHA PICKETT,
Of Fayette County.

FOR REGISTER OF LAND OFFICE,
RALPH SHELDON,
Of Nelson County.

For State Senator.
We are authorized to announce
D. H. H. PREWITT,
of Hopkins County, as a candidate
for the State Senate, subject to the
action of the Democratic party.

Is a beau not a love knot?
Cotton has declined one sixteenth
in the past week.

Base ball reports seem rather brief
this season. The turf seems to have
monopolized the wires.

English bakers complain that bread
does not rise this season. Down to
three cents a pound now.

The Democrats of Christian are all divided
among themselves. They have been
convention held to nominate a candidate
for the Legislature or to endorse anyone for
the Senate—Madisonville Republicans.

Don't give us out.
Its childish; in fact womanish.
Most every fellow that dies now
admits hardly cools off before his bust
is unvalued.

Hargis has seated himself—
and down on the charges themselves. His
perquisitions, although high up on the
Appellate bench, are not beyond the
reach of Tom Green's pole.

The Prince of Orange, heir appar-
ent to the Netherlands throne, died
at Paris Wednesday. By working
the old rule backward his head lies
easy now, since he has never worn a
crown.

Numerous cases of opening hearts
to the poor are occurring, but it rarely
happens that a royalist adopts the
late course of Emperor William, in
opening a pocket book to the amount
of a thousand marks.

It is a lamentable fact that Judge
Hargis' card defense does not satisfy
the charges against him. His honor
is still in the fog and the Democratic
party demands deliverance from the
cloud thus enveloping its integrity.

Italian volcanoes have been trou-
bling life and property considerably
and the newspapers on this side of
the water have been none the less
bothersome, giving long spun editorials
on the subject. Will somebody
get up a petition for a rest.

Chinese history—"The starving
people actually crushed stones and ate
cakes baked out of the dust."
Send batter-cakes? Of course
nothing better; it's the only ground
we have for believing that some folks
have said in their craws.

Another one of the penny-wise,
pound-foolish city dailies has tripped.
It suggests that "what the country
wants now is sheep that will kill
dogs." Mutton is good, right good,
and we should hate to see any man
barred off in his rights and privileges
with respect to it, through any such
new fangled theory.

The Republican press of this State
is being gathered to its fathers. Three
of the stalwart organs have each a
tale of sorrow to tell. The Louisville
Commercial has gone into the hands
of a receiver, the Maysville Republi-
can has just been sold by a receiver
and the editor of the Madisonville
Republican has resigned his labors
and hid himself unto the pleasant
and, to be hoped, profitable employ-
ment of farm life in Indiana. The
Republican party will now have a
better opportunity to gather strength
from the liberal element. The Re-
publican press is the worst enemy
that party has.

The Post and News takes a more
sensible view of the Hargis case than
any other paper in the State. Read:

Judge Hargis has done what he could
to destroy public confidence in the Court of Ap-
pals, by taking his seat upon the bench with-
out having anything to do with the case which
hangs over his good name. In opposition to
the advice of the bar, in opposition to the
wishes of the people, in opposition to the
wishes of the Legislature, he has done this
wrong to the State. He has done what a man
charged with the crimes he is charged with,
and who feared a full investigation, would
not do. He has done what a man charged
with the crimes he is charged with, and who
feared a full investigation, would not do.

Hargis' ex parte defense does not
meet the demands of honor, and it is
certainly not desirable where it is
used by the next Legislature investi-
gates the true in wardness of the situ-
ation.

Two bits of the entire gold of the
world is molded into idols in India,
and yet the hard money Republicans
say, "In God we trust."

Col. Green is not charged with
guilt, nor has he anything to lose
from continued silence. How about
Mr. Hargis and the Democratic party?
See where Mr. Hargis' plan leaves
him.

McCormick's Reapier has made an
other conquest. It has caused to be
elected to the French Academy of
Sciences, C. H. McCormick. It rarely
happens that the object created
outshines the creator.

Over one hundred Democrats of
Christian county have signed a call
on J. F. Dempsey, Esq., of Hopkins
county, to become a candidate for
Commonwealth's Attorney in this
district. Mr. Dempsey is a young
lawyer of promise and is very highly
regarded in his county.

The Great Democratic barbeque
rally at Madisonville, on July 24,
promises to be one of the grandest
ever given in Southern Kentucky.
Hopkins has enough extra virginals to
feed a dozen counties. Let's all go.
Breckinridge, the silver-tongued,
Blackburn, the orator, Carlisle the
statesman, and many other notables
will address the crowd.

The Eastern Greenback papers are rejoicing
over the fact that the New York World
advices Maine Democrats to support the Green-
back ticket. They argue that this indicates
that there will soon be no Democratic party in
Maine.—Baltimore Journal.

They argue logically. How else
could it be? Whenever a party steps
off the track, gives the field to an-
other with the promise of a hearty
support, what more could be expected
than the utter annihilation of that
party? Let all good Democrats of
Christian county take warning and
steer clear of the breakers.

Dillon will have an annual salary
now of \$17,500. Ten thousand of
which is guaranteed to him by the
Union Pacific Railroad for acting as
consulting attorney. The Judgeship
only paid him \$6,000 per annum,
which is only a drop in the bucket
these times. Mural Halstead has
all of a sudden become very thirsty
and wants to come in between drinks
and get just such a drop out of the
Government bucket.

Foster's Life of Dickens is regard-
ed too heavy by the family. His
sister-in-law, Miss Hogarth is editing
a volume of his letters now, and it is
promised to the public in November.
Why all this literary hallelujah about
a fellow who has never drawn a
sword on horseback? This genera-
tion will be perfectly satisfied in
knowing that Mr. Foster undertook
Mr. Dickens, without questioning
the quality of the coffin, the bent of
the plumes, or the depth of the grave.

Sherman is reaching his arms out
and scooping in all Republicans in-
stead of the Grant cause. Reports
indicate that his emissaries are cov-
ertly promising fat government offices
to the political carrion crows of the
South. What is the country threat-
ened with? Grant and Imperialism
on the one hand, Sherman and degra-
dation on the other. With the non-
gruel politicians of the South to fill
the important positions in the NA-
TION this government of ours would
be an omega in the alphabet of hel-
lism. In the language of the Epis-
copal service, "Good Lord deliver
us!"

County Politics.
Below can be found a flattering
call on Austin Peay, Esq., to become
a candidate for the Legislature. He
is a Democrat of prominence, a citi-
zen of merited popularity and a man
of the strictest integrity, possessing
with all a sufficiency of attainments
to creditably protect every interest of
Christian county in the Legislative
hall. Should he consent to accept
the nomination of the party his elec-
tion would be almost assured, and it
is clearly the policy of the party to
present a candidate. Knowing Mr.
Peay to be too true a Democrat to re-
fuse to obey the edicts of his party,
and conscientiously believing that
victory will be ours should he con-
sent to run, we hereby submit his
name, unauthoritatively, to the con-
sideration of all true Democrats of
the county.

A CALL.
AUSTIN PEAY, Esq., DEAR SIR:
Recognizing you as a capable man
and believing that you would faith-
fully protect the rights of every citi-
zen of the county, we most respect-
fully ask you to declare yourself a
Democratic candidate for the Legisla-
ture. Election, August, 1879:

Democratic Convention.
The Democracy of Christian county
are requested to meet in Mass Con-
vention at the Court House, on Sat-
urday, the 28th day of June, 1879, at
2 o'clock P. M., for the purpose of
nominating a candidate for State
Senator, and to take such other action
as the interests of the party may re-
quire.

Secretary Demo. Ex. Com.

"Hold The Fort."

The records of the Greenback party
demonstrate the fact that it has
steadily strengthened and grown in
power during the past few years. In
whatever locality its seeds have
sprouted the plant has grown and
gathered prominence. To the labor-
ing man, of whatever political party,
its sweeping promises to bear the
ripe fruits of financial relief have
been as the balm of Gilead to his
troubled soul. Especially popular
has the Greenback theory proven
with the poorer classes of the Republi-
can party. The Democrats of this
class have wisely reasoned that their
own party advocated as complete re-
lief as did the Greenback party. To
the poor, laboring Republican devotee
it is but natural that this plausible
theory of how money shall become
accessible is popular. With the
poverty-stricken advocate of Democ-
racy the theory has proven alike popu-
lar, but he finds relief in the plat-
form of his own party. The record
of the Democratic party for the past
ten years has been to all straight-
sighted men clearly opposed to con-
traction of the currency, resumption
of specie payment and other measures
of financial bearing which have
proven so destructive to the masses
of the people and so fattening to the
bloated aristocracy or bondholders.
To those Democrats who are inclined
to censure their party for not having
accomplished more financial relief
for the suffering people, we can but
say that the Democrats have been in
a weak minority in both houses of
Congress for the past fifteen years
and all they have been able to ac-
complish heretofore has been done
through sagacity, not through power.
They have steadily opposed the fi-
nancial legislation thrust on the people
by the Republican party. The attention
of every doubting Thomas is directed
to the following facts:

The act creating Greenbacks was
passed in 1862. The Democrats
fought bravely to make them receiv-
able for Customs dues, but the Re-
publicans defeated the amendment.
The first bonds issued were the 10-
40s, payable in coin. The Democrats
endeavored to make them payable in
greenbacks, but the Republicans de-
feated this desire and have since re-
deemed them all in gold. The second
issue of bonds was sixteen millions
of 5-20s, which the Democrats, co-
operating with Thad. Stevens and
Judge Trumbull, succeeded in having
made payable in greenbacks. In
1869 a bill was introduced in Con-
gress to pay these 5-20s in gold. The
vote stood, Ayes, 138 Republicans, 1
Democrat, total 139; Nays, every
Democrat in Congress except one,
(and he has since been gathered to
his fathers) and 19 Republicans. The
bill was passed and by it the Govern-
ment debt was increased about six
hundred millions of dollars. During
this same session a bill was intro-
duced taxing government bonds the
same as other property; 134 Republi-
cans voted no. The entire Democratic
strength voted yes. The National
Bank act was passed by 96 Republi-
cans and 5 Democrats voting aye;
54 Democrats and 31 Republicans
voting no. In 1870 the bill funding
the entire bonded debt in coin was
passed by a vote of 139 Republicans
voting yes, 54 Democrats and 2 Re-
publicans voting no.

In June 1870, Mr. Randall, Demo-
crat from Pennsylvania, introduced
a bill to issue \$300,000,000 of green-
backs and retire a like amount of
National Bank notes. This was de-
feated by the Republicans in the
Senate. In the same year Mr. Mor-
gan, of Ohio, introduced a bill to
issue \$400,000,000 legal tender green-
backs. This was defeated by the Re-
publican Senate. In 1873 the infa-
mous resumption act was passed by
this vote, AYES, 168 Republicans;
NOES, every Democrat in Congress.
In 1876, the Democrats for the first
time having a majority in the House,
repealed the resumption act, but the
Republican Senate did not concur.

Now if sensible men will read and
reflect on this record of the Demo-
cratic party how can they leave it to
take sides with the greenback party
which at best can effect nothing in
legislation for many years to come?
Do not be impatient, good Demo-
crats, hold to your party until it shall
have elected a President and you can
be made to realize that the Demo-
cratic party will accomplish more
definitely, more peacefully, more ef-
fectively the same relief as is prom-
ised by the Greenback party. Now as
your party nears the control of power
would it not be rash, foolish and im-
politic to split off from your party?
The loss of your vote to the Demo-
crats will only put the Republicans
in power again and your political
principles will suffer defeat over and
over again. Stand by your party.
Fight it out on this line if it takes
all of a dozen summers. "Hold the fort,"
a united band, sealed with a united
purpose will accomplish more good
for the people and the country than
the rash promises of heretical
leaders, even if it were possible for
them ever to fulfil them to the letter.
Stand firm. Rally. Be men. Fight
a good fight.

CLARK DEMOCRAT: Wm. Hughes
has a 40 acre wheat field which he says
is not worth cutting on account of
the smut. Several farmers complain
of the presence of smut to a greater
or less extent in their fields.

Meade County Record: The follow-
ing is a very remarkable fact: Mr.
Frederick Basham, of Breckinridge
county, 77 years old, wife living, 72
years old, they have 13 children all
alive; oldest 57 years, youngest 27
years. It is very seldom that you
find so large a family all living.

There is trouble in Louisville about
the school money. The city has been
drawing from the State on a census
taken in 1877, which returned 49,620
children of school age. The State
Superintendent, believing that Louis-
ville was drawing more money than
she was entitled to, ordered a new
census which was taken. The School
Board declines to allow the facts to be
made public; but it is certain that the
figures fall below those of 1877.

OWINGSVILLE OUTLOOK:—Mr. J. P.
Deady found at the large mound
known as the Johnston Whaley
mound, on Mock's branch, in this
county, several curiosities. One of
them is a silver knife with a large
blade and a blade that defies descrip-
tion. The knife was beautifully
chased and had engraved on it the
name "Hattie." The other curiosity
is a chain about eight inches long
and four inches broad, composed of in-
numerable links, with two detached
pieces that is evidently intended to fasten
it together. It is made on the same
principle that bracelets are made at
this day, with the exception of the
two pieces that go around it. Mr.
Deady intends to thoroughly examine
this mound this fall.

There are shipped every year from
the depot at this place about 3,000
hogsheads of tobacco, grown from a
section of country tributary to Prin-
ceton. It there was a warehouse here,

HOPKINSVILLE, JUNE 17, 1879.

SOCIALITIES.

Mr. Jettie Petree is visiting relatives in town.

Gen. W. Gaines of Montgomery, was in the city last Thursday.

Miss Mamie Howe is absent from the city on a visit to friends in Nashville.

Mr. and Mrs. Sam Blair, of Paducah, were guests of the Phoenix last Saturday.

Miss Susie Bell White, spent some days last week with the family of Mr. E. B. Long.

Mrs. Frank Dabney, who has been quite ill, is now thought to be out of danger by her friends.

Gen. J. H. Wilson, President of the S. L. & S. E. Railway passed through the city Friday last.

Frank Buckner who has been attending school in Russellville, returned home last week.

S. H. Turner sells beautiful writing paper, suitable for writing to your friends and sweethearts.

Miss Bryan Whitfield, of Clarksville, returned home Saturday, to the regret of the boys generally.

Miss Lizzie Morton, of Madisonville came down Sunday, and spent the day with her friends.

Miss Emma Dickinson, of Trenton, after spending several weeks with Miss Minnie Lander, returned home Saturday.

Dr. Keen will be absent from the city for two weeks, and consequently there will be no preaching at the Baptist church.

Dr. Hopson, the physician of Col. Wm. M. Shipp, reports that he is slowly convalescing. It will be remembered that mention was made of the dangerous illness of the latter, some weeks ago.

Misses Dessie and Jennie Williams, two charming belles, of Todd county, who have been visiting Miss Mamie Jesup, returned home yesterday, they were accompanied by the latter who will remain several weeks.

Messrs. Callahan and Ashton Johnson, of McLean county, brothers of Mr. A. G. Johnson, of this place, passed through this city yesterday evening en route for Guthrie, where the former intends celebrating his nuptials with the accomplished Miss Ellen Perkins, of that place.

Mr. John H. Milliken, of the Franklin Patriot, paid his Hopkinsville friends a brief visit last week. We made his acquaintance and found him to be a pleasant gentleman of rare social qualities. Hope he will visit our city often. We wish him all the success he desires in his "business" transactions.

We clip the following complimentary notice of one of Hopkinsville's most bewitching young ladies from the Franklin Patriot:

"Miss Mattie Stoner, a very bright, attractive and decidedly popular young lady, who has just graduated at Franklin Female College with the highest honors, left Saturday for her home in Hopkinsville, Ky., after spending several days in our city."

POLICE NEWS.

THAT WIFE OF HIS.

Alek Kirtley, of color, was up in the police court yesterday morning to answer to the charge of whipping his wife. It was found that the couple were married in one of the crying evils—a baby. This diminutive individual being left in Alek's charge, set up a most deafening howl, which he tried in every way to stop, but in vain. At last he concluded to try the efficacy of spanking, which he did. To this his better half objected and he administered the same treatment to her. She had him arrested, and Judge McCarroll decided that the chastigation was worth ten dollars, and fined him accordingly.

MORE BLOOD.

This time the fight was between Wm. Crawford, white, and Henry Withers, colored. Crawford, who lives in the country, came to town one day last week and imbued too much of the "viceroy." The spirits kept going down until his spirits began to rise and he became exceedingly pugnacious. A fight he must have, and the first person he came across was the unfortunate Henry. He followed him some distance, spitting in his hands and brandishing his fists around the latter's head, until he got to Henderson's grocery when they both stopped. Crawford was still in for fun, so he picked up a piece of iron and before Henry could evade it, struck him a deafening blow on the head, which made the blood spurt in a copious stream. Withers recovering struck Crawford a few blows over his ditty with a stick which was followed by a ditty result. At this juncture Withers executed a right about and beat a precipitate retreat, followed closely by Crawford. They ran some distance, when a stone caused Crawford to fall and the other got the start and flew down Spring street, ran across and came on Bridges, yelling "police" at every jump. Just as they reached Main, Marshal Owen, appeared and took them to the police court, and they were forthwith tried. Withers was released and Crawford was fined \$8 and committed to jail until he sobered up.

HERE AND THERE.

BORN—To Mr. and Mrs. A. W. Pyle, June 7, a girl, weight 12 pounds.

You can buy ice cream at wholesale from S. H. Turner.

The finest quality of spring steel sewing machine needles can be found at Howe's jewelry store.

Mr. Robt. Underwood, of Bowling Green, a brother of Gov. Underwood, was the guest of the Cooper House last week.

The farmers are now busy harvesting the wheat crop, and in a short while it will be upon the market. Prices will probably range from 90 c to \$1.00.

In this week's issue is an advertisement of South. Kentucky College. President Cave is one of the best of teachers and his course of instruction is thorough.

Quite a number from this place took advantage of the excursion rates Saturday to visit Nashville. The manager claims to have lost money, although the crowd was immense.

Mr. Walter Garnett has bought the interest of Mr. Mat Starling, in the drug store of the late firm of Garnett and Starling. He will continue to do business at the old stand.

The ladies of the Baptist Church will give a Moonlight Picnic, on Thursday evening, July 24, 1879, at the residence of Mr. J. E. Grant, on Russellville Street. Refreshments 25 cents.

Mr. Al. H. Clark will take the political stump on the 6th of July at Dixon, Webster county. He invites Mr. Hardin to meet him at his appointments. They will close the campaign at this place on the 2nd of August.

We would advise all having watches or jewelry out of repair to take them to Howe's old reliable jewelry store; there is no doubt but what they do their work as well as you can have it done in any city, and their prices are reasonable.

The trustees of the Hopkinsville public school will meet at the office of Dr. J. M. Dennis on July 3d, for the purpose of employing teachers for the coming scholastic year. All persons wishing to apply for the positions can send in their applications by that time.

To those who are in need of Job Printing of any style or quality, we would say that we have just received a new stock of stationery, wedding cards, etc., and are prepared to turn out work at as low figures and in as good style as any city office. We would be glad to have you call and examine our stock.

While Messrs. Harry Garner and Robt. Gynna were out driving Sunday evening, near the Asylum, the wheels on one side of the buggy suddenly ran off and they were thrown upon the ground. The horse came into the city dragging the buggy, and the gentleman walked in soon after. No serious damage was done except to the vehicle.

Twenty-eight dogs were poisoned the early part of last week by some unprincipled persons in the city. Some persons lost very valuable ones, and are very anxious to know who killed them. The dogs may have been of no value but the persons who poisoned them have a mean low-down way of doing business to say the least of it.

The lecture of Dr. Morris, "All about Jerusalem," at Mozart Hall Tuesday night was postponed on account of the weather till Wednesday night. Although that night was but little better, a considerable crowd was present and the Dr. proceeded to tell them of the wonders and remarkable events connected with the history of Jerusalem. His address was received with universal satisfaction. He is thoroughly conversant with his subject.

The annual meeting of the Kentucky Press Association will be held at Bowling Green beginning next Thursday. No doubt nearly every editor in the State will be in attendance and enjoy the pleasures of the occasion. The whole party will visit Mammoth Cave. The editors of Bowling Green and Hon. John C. Underwood constitute the committee of reception, and they will no doubt do all in their power to make it an enjoyable epoch in the history of Kentucky journalism.

The Cadiz Democrat continues to complain about the mail accommodations at this place, charging the Post Mistress with inefficiency and negligence, when it really does not know what it is talking about. It says the Courier-Journal does not come regularly. Well whose fault is it? The mail leaves here for Cadiz at 9 o'clock, and all of the mail is sent, and if it does not come how does the Democrat expect it to be sent. By special arrangement the Hopkinsville papers reach here on the evening of publication. Sometimes the Cadiz mail comes also, and sometimes it does not. This accounts for the fact that they sometimes get two papers the same day. The Post-Mistress at Cadiz should write to the Courier-Journal and make arrangements to have them sent with the Hopkinsville papers. This explains that matter. We hope the Democrat will not again allude to this matter especially if it has to make unfounded assertions about the negligence, inefficiency and lack of accommodation of the Post-Mistress at this place when the fault in reality is traceable to the negligence of the Cadiz Post-Mistress in not making the proper arrangements with the Courier-Journal itself.

IMPROVEMENTS.

The house in the rear of the court house has been repaired and repainted.

A ditch is being dug on the east side of Railroad street which will be of great advantage in drainage.

Walter Garnett has had a new sign painted over his drug store door on Main St.

Mr. M. Hannas has purchased of Mr. Thos. Bryan the site lot on the rear of Mr. N. Payne's and erected a large commodious dwelling upon it. A street has also been opened beyond it.

As can be seen from the South Kentuckian, Hopkinsville is after years of inaction beginning to arouse herself from her lethargy and is rapidly improving and extending her business. Within the last two months we have chronicled the erection of probably a dozen dwellings and seven business houses are now being built, together with other useful buildings. Hopkinsville is bound to be a city. Located in the center of one of the wealthiest counties of the State, surrounded by one of the finest farming sections on the globe, and her mineral resources inexhaustible what is to hinder her from taking rank among the cities of Kentucky?

BELLEVUE.

Harvest is in full blast. The school boys and girls are all taking recess.

The fall of rain on Saturday the 7th, was the heaviest since the 2nd of July '78.

For several days past we have been blessed with fine showers which were much needed by the farmers, gardeners and others.

Several ladies and gentlemen from this place attended the commencement exercises of the Cadiz Female college.

Dr. Howe of Athens, Ohio, is visiting the family of Mr. Williams Cravens, and speaks of locating in the neighborhood.

Mrs. William Nelson of Earlington, Ky., is spending a few days with her aunt Mrs. Peter Mason.

If the wages of sin could be paid in trade dollars doubtless many would be willing to settle up and pay considerably in advance.

Pinafore bonnets are all the rage now, and it is said that they get them to their proper dilapidated shape it is necessary to sit on them all day and sleep on them all night. But whether it is so or not no fellow can find out.

The newest and most fashionable thing in the high art for the girls is for them to paint their brother's clay pipe a delicate sky blue with a cluster of lilies of the valley on the bowl. If they haven't a brother's clay pipe, some other girl's brother's clay pipe will do as well or perhaps better.

While examining the columns of a Raleigh N. C. paper recently we noticed the following: "Col. J. Bangs, a widower, of North Carolina, has been arrested at Heidsieck, N. C., while attempting to sell a set of false teeth belonging to his deceased wife's estate, to procure funds for the purchase of a wedding suit in which to marry a second wife."

In consequence of harvest being on hand, this neighborhood was not well represented at the opening Ball at Cerulean Springs on Thursday night, which in every respect proved a grand success. SUGAR HOLLOW.

TRENTON.

Mr. Jack Elliott, a former resident of this place, was in town last week. Hon. Tom Jones attended the closing exercises of Prof. Pointer's school.

Prof. R. T. Steinhauser, of Bethel Female College, and G. M. Meacham, of the South Kentuckian were also among the visitors last week.

Mrs. S. B. Dickinson has returned from Christian county, where she has been visiting relatives.

McKee is negotiating drugs and giving his attention to dentistry now.

We understand there is a projected meeting going on at the St. James Hotel. The congregation is very small, it being a Young meeting. Only one attendant besides the preacher, McKee, who is not converted.

When you are accused of having addressed a girl, don't ask your accuser if he and the girl are coquettish; if he says away.

There is a tree in Dr. Dickinson's yard around which grass cannot be induced to grow, even the surface for six feet around has sunk about six inches. It has the appearance of having been well tramped by a restless horse.

Boys, when you go to see your sweet-heart don't hitch your horse to the same tree every time. The tree will rot on you.

A difficulty occurred near the depot last week between two negroes, in which one negro was shot in the leg. The other negro escaped, although charged at the door next time, to keep out such a crowd. The concert was the last exercise of the school for this term.

"Bless the Lord, O my soul," The Big School hall has ceased to toll. To tell the tale was their delight.

Geo. Hooser was arrested yesterday charged with gambling, but while looking for some one to go on his band, dodged the police and made his escape.

TRIP TO CADIZ.

Prof. Wayland's Concert. Almost a Fire.

The writer, in company with several others from this city, went down last Friday to attend the closing exercises of Cadiz Institute, of which Prof. H. B. Wayland is the Principal. The party arrived at Cadiz about four o'clock, and spent the remainder of the evening "doing" the town, with one exception; Penny Turner went to call on a young lady as usual.

About six o'clock the boys composing the Eclipse orchestra arrived, and their whole party, including the writer, repaired to the residence of Prof. Wayland and partook of an elegant supper.

When we arrived at the church where the exercises were to be the house was already filled to its utmost capacity, but Prof. Wayland had provided seats upon the stand for you (quill) driver along with the band. The exercises consisted of recitations and essays by the girls and young ladies, and declamations and orations by the boys. Dialogues and music were interspersed at appropriate intervals.

The salutatory, a recitation by little Miss Annie Wilson, began the exercises. A declamation by Ben White, a very little boy, was among the good things on the programme. Indeed, all of the little fellows who had declamations or recitations acquitted themselves very well. "Candidates for Matrimony," a humorous recitation by Minnie Wilkinson, was one of the "hits" of the evening; it brought down the house. Essays were read by the following young ladies: "Be a Belle," Miss Mary Jones; "Friendship," Miss Anna Gary; "Ruins of Time," Miss Ida Wilson; "Self-reliance," Miss Docia Carney; "Early Piety," Miss Eliza Larkins; "Home," Miss Bennie Dalton. At the conclusion of the latter the band struck up "Home, Sweet Home," which was loudly applauded. The essays were generally characterized by brevity, and simplicity of expression, and were listened to with attention.

Of the declaimers the most notable were Lee Watkins, Harry White, Walter White, Leon Lewis and John McCain. Their declamations were thought to be above the average for boys of their age and experience.

Some of them had only been in Prof. Wayland one session. The oration of Mr. Drew Standrod of Wallonia, was especially commendable. He has a good voice and delivered his speech in a manly, forcible manner. The dialogues were the most amusing and entertaining feature of the exhibition. Some very good acting was done by several, but the "Trip to Moreau," by Miss Georgia Darnall, and Messrs. Standrod and McCain, was highly amusing and excellently rendered. It is useless to say more concerning the concert, suffice it to say the public were perfectly satisfied, and Prof. Wayland added additional luster to his already brilliant reputation as a teacher.

The Orchestra boys covered themselves with glory by their music, especially the "big four," who made the vocal music.

Soon after the exercises began Prof. Wayland, in crossing the stage, knocked against the chandelier by his head, causing one of the lamps to fall. It broke on his back, and in an instant his coat was on fire, and the flames were licking their fiery tongues in every direction. The excitement was intense, ladies shrieked and fainted, men leaped from the windows and a rush was made for the doors; while one or two ran to the assistance of Prof. Wayland, who was fast becoming enveloped in flames. The fire was soon extinguished without having done any hurt or harm. At the time of the accident Prof. W. was surrounded by young ladies, and some of them narrowly escaped having their light dresses ignited; it is said that the cause of the result would probably have been very different. After some time the audience was quieted and the exercises went on without any further interruption. At the close Prof. Wayland thanked the audience for their behavior and his patrons for their patronage, and asked them for a continuance of the same. He is a good teacher and has a high reputation in Cadiz and surrounding country. May his school flourish in the future as it has in the past. He has the thanks of our boys for his hospitality.

CHURCH HILL.

During the past few days our school exhibition came off at Church Hill Academy, after a thorough and rigid examination of all the classes during the day at the Academy, the school repaired to the church in the evening—the place designated for the evening's entertainment—which embraced the people of a large scope of our country. Our young men of the school delivered their several orations with great proficiency, and showed they had been thoroughly taught. A committee of four gentlemen was selected to award the premiums to the most proficient and best delivered, which was awarded Mr. Alex. Davis, first, and Master W. Gresham and Charley Sivity tied for second. But I must say, in commendation of all the young gentlemen, they performed their parts well and in a manner highly creditable to themselves, their teachers and their parents. If age and experience were taken into consideration, I perhaps might not exaggerate by saying they would do honor to a Clay, Webster or Douglass. After speaking so commendably of the young men who composed this school, I cannot help speaking of their teacher, Prof. J. B. Fitzhugh, in the most exalted manner. But he is so well known I deem it an act of supererogation to say one word more, as his long experience as a teacher and disciplinarian bespeak for him, as one, the Prince of Teachers. The character of his teaching, and the character of the evening's entertainment, was a source of much amusement and elicited much applause from the large concourse of people assembled, not undeservedly so. After the conclusion of the exercises, Mr. John Payne, that ever affable and courteous gentleman, came forward, and after awarding the medals, delivered one of the most beautiful speeches I ever had the pleasure of listening to. In closing his way through life, may he be attended with usefulness as well as happiness. So ends one of the most enjoyable affairs I've ever had the pleasure of attending.

The String Band, of Hopkinsville, contributed no little to the evening's entertainment, and I must say they are as fine a looking set of men as has been my province to look upon. They repaired to their homes attended with all the congratulations that the fair sex could bestow. We hope to have them with us again.

Asa Packer.

(Scientific American.)

Judge Asa Packer, President of the

Lehigh Valley Railroad Company

and founder of the Lehigh University,

died at Philadelphia Saturday,

May 27. He was born in New Lon-

don, county, Conn., December 29,

1805, and at the age of seventeen,

with no inheritance save a sound

frame, an earnest purpose, and ster-

ling character, set out to make his

way in the world. He journeyed on

foot to Susquehanna county, Pa.,

where he apprenticed himself to a

carpenter. When master of his trade

he married, and spent a number of

years farming a piece of land owned

by his wife's father. Tiring of that

occupation, the young couple re-

moved to Mauch Chunk where Mr.

Packer took command of a canal boat,

and engaged in the business of trans-

porting coal. In a couple of years

he was able to build himself a boat

and enter into a profitable partner-

ship with his brother. In 1840-41,

he and his brother were building

boats at Pottsville to carry coals to

New York by the Schuylkill naviga-

tion system. Later, Mr. Packer took

up the double enterprise of mining

as well as transporting coal.

In 1852 he began the gigantic un-

dertaking of building the Lehigh

Valley Railroad, which was finished

in 1855, and, with its branches,

opened up the entire anthracite re-

gion of Pennsylvania. As Mr. Pack-

er had foreseen, the railway at once

gave an enormous impetus to the

coal mining business, and developed

other interests and industries pro-

portionally, adding greatly to the

prosperity and wealth of the State.

While carrying on these vast mat-

terial undertakings, Mr. Packer found

time to carry on the study of the

science of jurisprudence, and in

1844 he was admitted to the bar of

the State of Pennsylvania. He was

elected to the State Senate in 1850,

and in 1852 was sent to Con-

gress, where he served two terms.

In his business career Mr. Packer

acquired great wealth and used it

most creditably. He gave munifi-

cently and steadily to charitable,

religious, and educational objects,

crowning his life-work by the estab-

lishing of the Lehigh University, an

institution designed with special

reference to the needs of young men

preparing to undertake the great

mining, manufacturing, and other

industries of the country. In its

course of studies the chief places are

assigned to civil, mining, and me-

chanical engineering and other

departments of practical and in-

dustrial science. To the endow-

ment of this institution Mr. Packer

gave in all upwards of \$2,000,000.

Mr. Packer's personal life was

marked by exceptional gentleness,

kindness, simplicity, and sincerity.

He made many friends and retained

them to the end. His entire career

exemplified not only the highest

type of success in personal and

practical affairs, but paid the highest

tribute to the institutions under

which he lived, which made it pos-

sible for one, without wealth or

family influence to begin with,

to gain great wealth by honest

means, to benefit his age and

country, and to leave behind him

monuments that must make his

life grandly productive through

many generations.

Some years ago, at a meeting

of eminent Pennsylvanians, Colonel

J. W. Forney pronounced an elo-

quent tribute to Mr. Packer's life and

character, worthy of recalling at this

time. In his said:

"Here is a character for youth

and manhood to study. Here is a

lesson to the one to move on in the

path of improvement, and a stimu-

lant to the other never to desert in

the darkest hour of disaster and

misfortune. We pick out Asa Pack-

er as the miner picks out a piece of

coal to show the value of the pre-

cious deposit from which it is taken;

we pick him out to show what can

be won by personal honesty, in-

dustry, and plainness of life; to

show that in the United States

there is no distinction to which

any young man may not attain.

When he set out from Mystic, Conn.,

to make the journey to Pennsylvania

on foot it is not probable that his

REDEMPTION OF

County Bonds.

WHEREAS this county will on or before July 1,

1879, have as much as fifteen thousand

dollars on hand with which to redeem

and pay off for present bonded indebtedness

of two hundred thousand dollars, known as her

bonded indebtedness;

AND WHEREAS it is the opinion of this Court

that said money cannot be safely invested or

loaned out, other than to redeem in kind her

own bonds, and also that no injustice will be

done by any holder of said bonds, or by the

Court, in making such redemption, and

that the full amount of principal

and interest up to date of payment, as far

as the county is able to pay, may be

paid to the holders of said bonds, and

that the Court will have this order

published for four weeks in one of the

LOST!

It is an Established Fact

That Quinine or Cinchona will stop

fever, and for this purpose there is no better

remedy. But it is a fact that the

fever does not waste the cause that pro-

duces it, and will return the money if

the fever returns after you are through tak-

ing. Positively no cure, no pay. Try it and

be convinced. It contains no poison, and is

perfectly harmless. Sold by GRAY & BUCK-
